

A HOME OF MY OWN!

Yavapai County Development Services is excited to announce that our award-winning **A Home of My Own** program has added **THREE NEW** floorplans that are available for download today!

Our program now offers **SIX** pre-approved construction plan options which include one, two, and three-bedroom homes that property owners can use **free of charge** to build on their properties.

Plans are available to property owners in the unincorporated areas of Yavapai County and the Town of Prescott Valley.

Yavapai County Development Services Presents...

A Home of My Own! Program

What's the program about?

In response to the current workforce housing crisis Development Services has designed three single family home plans that are available for anyone to use as plans to build their home within Yavapai County's jurisdiction. The plans are FREE!

How big are the homes?

The home plans include one, two and three bedroom designs. You can view the floor plans and elevations by visiting our website at: <https://www.yavapaiaz.gov/Development-and-Permits/Development-Services/Residential-Homes/A-Home-of-My-Own-Program>

Where do I get the plans?

Construction plans are available on the website! Go to our website and check them out!

What do I need to know?

Home owners are still responsible for financing their home and ensuring the home plans fit on their lot. Septic permit, geotechnical report & all other information needed for permitting still required at the time of permit application submittal.

Have questions?
